STAN STEPHENS
GOVERNOR

State of Montana
Office of the Governor
Helena, Montana 59620
406-444-3111

I am pleased to introduce the Montana Manufacturers & Products Directory. The Directory is designed as a reference publication, providing a readily available source of basic information about Montana manufacturing establishments.

Browsing through the Directory reveals a wide variety of products--from huckleberry chocolates, to fly rods to fiber-optics. Many products are derived from our resource-rich state. The timber industry, grain and livestock operations, and the mineral and energy resources in Montana all provide ample manufacturing and product-development opportunities.

Sales and marketing organizations, purchasing agents and others searching for new supply sources, firms interested in locating in Montana and persons and organizations interested in Montana manufacturing and other business activity should all find the Directory helpful and interesting.

Please feel free to call my office or the Department of Commerce should you need further assistance.

Sincerely,

STAN STEPHENS
Governor

DEPARTMENT OF COMMERCE

STAN STEPHENS, GOVERNOR

STATE OF MONTANA

1424 9TH AVENUE

(406) 444-3494

HELENA, MONTANA 59620-0401

F O R W A R D

With this publication I am happy to present a comprehensive guide to Montana's quality manufactured products. You will find a wide variety of products from which to choose, produced by manufacturers from across the state.

I want to thank the many businesses, the local chambers of commerce and the local development organizations that have helped the Department of Commerce compile the information for this directory.

While we have made every effort to ensure accuracy, we undoubtedly missed some manufacturers. If your business was omitted or if you know of another business that was overlooked, please let us know so that the next directory can be even more complete. You may contact the Business Development Division at 444-3923, or fax a message to us at 444-2808.

Thanks for your continued help and support.

Sincerely,

Mike Letson
DIRECTOR

MADE IN MONTANA

"AN EQUAL OPPORTUNITY EMPLOYER"

MONTANA MANUFACTURERS AND PRODUCTS DIRECTORY

A Listing of Montana Manufacturers and Their Products

Prepared by
The Business Development Division of the
Montana Department of Commerce
1424 Ninth Avenue
Helena, Montana 59620

How To Use This Directory

SECTION I — ALPHABETICAL LISTING (BLUE)

The blue section lists alphabetically the names of manufacturing firms in Montana. Information includes mail address, street address if different; phone number; name and title of executive; products manufactured and related standard industrial classification codes (1987 revision).

Example:

Crisafulli Pump Co., Inc.	**365-3393**	*Name of Firm & Phone Number*
Crisafulli Dr		*Street Address*
Box 1051		*Mail Address*
Glendive 59330		*City & Zip Code*
Frank D Crisafulli		*Exec. Name & Title*
Pumps, High Volume		*Products & SIC Codes*

SECTION II — GEOGRAPHICAL LISTING (PINK)

The pink section lists the manufacturing firms alphabetically within each city, the cities in turn alphabetically.

Example:

Glendive	*Name of City*
B & H Welding & Machine	*Manufactures listed alphabetically*
C & M Septic	
Crisafulli Pump Company Inc	
Dufner's Dairy	
Farmers Union Oil Co	
Fisher Sand & Gravel Co	
Gate City Dairy Inc	
Glendive Ranger-Review	
Knoll's Ready Mix	
Rahr Meat Service	

SECTION III — SIC ESTABLISHMENT LISTING (YELLOW)

The yellow section lists manufacturing firms alphabetically under four-digit Standard Industrial Classification (1987 revision) codes that classify establishments by primary type of activity. Significant information described in Section I, except products, appears here.

Example:

3561—PUMPS & PUMPING EQUIPMENT		*Four-digit SIC Code & Title*
Crisafulli Pump Co., Inc.	***365-3393***	*Name of Firm & Phone Number*
Crisafulli Dr		*Street Address*
Box 1051		*Mail Address*
Glendive 59330		*City & Zip Code*
Frank D Crisafulli		*Exec. Name & Title*

Note: The company base for the Montana Manufacturers and Products Directory is continually changing. An up-to-date alphabetic listing of Montana manufacturers, which includes all significant information, is always available from the Department of Commerce.

It is available by one of two methods: (1) upon request, on a 5¼" DOS diskette at a cost of $20.00 and (2) by downloading from the Small Business Development Center Business Information System (SBDC-BIS) at no cost. The SBDC-BIS is an electronic bulletin board, accessible at 406-444-4457, using software settings of N-8-1.

Major Group Titles and Descriptions of Industries— The Standard Industrial Classification of Establishments— Manufacturing & Mining

Major Group 20. — FOOD AND KINDRED PRODUCTS

This major group includes establishments manufacturing or processing foods and beverages for human consumption, and certain related products, such as manufactured ice, chewing gum, vegetable and animal fats and oils, and prepared feeds for animals and fowls. Products described as dietetic are classified in the same manner as nondietetic products (e.g., as candy, canned fruits, cookies). Chemical sweeteners are classified in Major Group 28.

Major Group 21. — TOBACCO PRODUCTS

This major group includes establishments engaged in manufacturing cigarettes, cigars, smoking and chewing tobacco, snuff, and reconstituted tobacco and in stemming and redrying tobacco. Also included in this major group is the manufacture of nontobacco cigarettes. The manufacture of insecticides from tobacco byproducts is included in Major Group 28.

Major Group 22. — TEXTILE MILL PRODUCTS

This major group includes establishments engaged in performing any of the following operations: (1) preparation of fiber and subsequent manufacturing of yarn, thread, braids, twine, and cordage; (2) manufacturing broadwoven fabrics, narrow woven fabrics, knit fabrics, and carpets and rugs from yarn; (3) dyeing and finishing fiber, yarn, fabrics, and knit apparel; (4) coating, waterproofing, or otherwise treating fabrics; (5) the integrated manufacture of knit apparel and other finished articles from yarn; and (6) the manufacture of felt goods, lace goods, nonwoven fabrics, and miscellaneous textiles.

This classification makes no distinction between the two types of organizations which operate in the textile industry: (1) the integrated mill which purchases materials, produces textiles and related articles within the establishment, and sells the finished products; and (2) the contract or commission mill which processes materials owned by others. Converters or other nonmanufacturing establishments which assign materials to contract mills for processing, other than knitting, are classified in nonmanufacturing industries; establishments which assign yarns to outside contractors or commission knitters for the production of knit products are classified in Industry Group 225.

Major Group 23. — APPAREL AND OTHER FINISHED PRODUCTS MADE FROM FABRICS AND SIMILAR MATERIALS

This major group, known as the cutting-up and needle trades, includes establishments producing clothing and fabricating products by cutting and sewing purchased woven or knit textile fabrics and related materials, such as leather, rubberized fabrics, plastics, and furs. Also included are establishments that manufacture clothing by cutting and joining (for example, by adhesives) materials such as paper and nonwoven textiles. Included in the apparel industries are three types of establishments: (1) the regular or inside factories; (2) contract factories; and (3) apparel jobbers. The regular factories perform all of the usual manufacturing functions within their own plant; the contract factories manufacture apparel from materials owned by others; and apparel jobbers perform the entrepreneurial functions of a manufacturing company, such as buying raw materials, designing and preparing samples, arranging for the manufacture of clothing from their materials, and selling of the finished apparel.

Knitting mills are classified in Industry 2253 if primarily knitting outerwear, and in Industry 2254 if primarily knitting underwear and nightwear. Custom tailors and dressmakers not operating on a factory basis are classified in Retail Trade, Industry 5699; and establishments which purchase and resell finished garments but do not perform the functions of the apparel jobbers are classified in Wholesale Trade, Industry Group 513.

Major Group 24. — LUMBER AND WOOD PRODUCTS, EXCEPT FURNITURE

This major group includes establishments engaged in cutting timber and pulpwood; merchant sawmills, lath mills, shingle mills, cooperage stock mills, planing mills, and plywood mills and veneer mills engaged in producing lumber and wood basic materials; and establishments engaged in manufacturing finished articles made entirely or mainly of wood or related materials. Certain types of establishments producing wood products are classified elsewhere. For example, furniture and office and store fixtures are classified in Major Group 25; musical instruments, toys and playground equipment, and caskets are classified in Major Group 39. Woodworking in connection with construction, in the nature of reconditioning and re-

pair, or performed to individual order, is classified in nonmanufacturing industries. Establishments engaged in integrated operations of logging combined with sawmills, pulp mills, or other converting activity, with the logging not separately reported, are classified according to the primary product shipped.

Major Group 25. — FURNITURE AND FIXTURES

This major group includes establishments engaged in manufacturing household, office, public building, and restaurant furniture; and office and store fixtures. Establishments primarily engaged in the production of millwork are classified in Industry 2431; those manufacturing wood kitchen cabinets are classified in Industry 2434; those manufacturing cut stone and concrete furniture are classified in Major Group 32; those manufacturing laboratory and hospital furniture, except hospital beds, are classified in Major Group 38; those manufacturing beauty and barber shop furniture are classified in Major Group 39; and those engaged in woodworking to individual order or in the nature of reconditioning and repair are classified in nonmanufacturing industries.

Major Group 26. — PAPER AND ALLIED PRODUCTS

This major group includes establishments primarily engaged in the manufacture of pulps from wood and other cellulose fibers, and from rags; the manufacture of paper and paperboard; and the manufacture of paper and paperboard into converted products, such as paper coated off the paper machine, paper bags, paper boxes, and envelopes. Also included are establishments primarily engaged in manufacturing bags of plastics film and sheet. Certain types of converted paper products are classified elsewhere, such as abrasive paper which is in Industry 3291; carbon paper in Industry 3955; and photosensitized and blueprint paper in Industry 3861.

Major Group 27. — PRINTING, PUBLISHING, AND ALLIED INDUSTRIES

This major group includes establishments engaged in printing by one or more common processes, such as letterpress; lithography (including offset), gravure, or screen; and those establishments which perform services for the printing trade, such as bookbinding and platemaking. This major group also includes establishments engaged in publishing newspapers, books, and periodicals, regardless of whether or not they do their own printing. News syndicates are classified in Services, Industry 7383. Establishments primarily engaged in textile printing and finishing fabrics are classified in Major Group 22, and those engaged in printing and stamping on fabric articles are classified in Industrys 2396. Establishments manufacturing products that contain incidental printing, such as advertising or instructions, are classified according to the nature of the products—for example, as cartons, bags, plastics film, or paper.

Major Group 28. — CHEMICALS AND ALLIED PRODUCTS

This major group includes establishments producing basic chemicals, and establishments manufacturing products by predominantly chemical processes. Establishments classified in this major group manufacture three general classes of products: (1) basic chemicals, such as acids, alkalies, salts, and organic chemicals; (2) chemical products to be used in further manufacture, such as synthetic fibers, plastics materials, dry colors, and pigments; and (3) finished chemical products to be used for ultimate consumption, such as drugs, cosmetics, and soaps; or to be used as materials or supplies in other industries, such as paints, fertilizers, and explosives. The mining of natural alkalies and other natural potassium, sodium, and boron compounds, of natural rock salt, and of other natural chemicals and fertilizers are classified in Mining, Industry Group 147. Establishments primarily engaged in manufacturing nonferrous metals and high-percentage ferroalloys are classified in Major Group 33; those manufacturing silicon carbide are classified in Major Group 32; those manufacturing baking powder, other leavening compounds, and starches are classified in Major Group 20; and those manufacturing artists; colors are classified in Major Group 39. Establishments primarily engaged in packaging, repackaging, and bottling of purchased chemical products, but not engaged in manufacturing chemicals and allied products, are classified in Wholesale or Retail Trade industries.

Major Group 29. — PETROLEUM REFINING AND RELATED INDUSTRIES

This major group includes establishments primarily engaged in petroleum refining, manufacturing paving and roofing materials, and compoundiung lubricating oils and greases from purchased materials. Establishments manufacturing and distributing gas to consumers are classified in public utilities industries, and those primarily engaged in producing coke and by-products are classified in Major Group 33.

Major Group 30. — RUBBER AND MISCELLANEOUS PLASTICS PRODUCTS

This major group includes establishments manufacturing products, not elsewhere classified, from plastics resins and from natural, synthetic, or reclaimed rubber, gutta percha, balata, or gutta siak. Numerous products made from these materials are included in other major groups, such as boats in Major Group 37, and toys, buckles, and buttons in Major

Group 39. This group includes establishments primarily manufacturing synthetic rubber and synthetic plastics resins are classified in Industry Group 282.

Major Group 31. — LEATHER AND LEATHER PRODUCTS

This major group includes establishments engaged in tanning, currying, and finishing hides and skins, leather converters, and establishments manufacturing finished leather and articifical leather products and some similar products made of other materials.

Major Group 32. — STONE, CLAY, GLASS, AND CONCRETE PRODUCTS

This major group includes establishments engaged in manufacturing flat glass and other glass products, cement, structural clay products, pottery, concrete and gypsum products, cut stone, abrasive and asbestos products, and other products from materials taken principally from the earth in the form of stone, clay, and sand. When separate reports are available for mines and quarries operated by manufacturing establishments classified in this major group, the mining and quarrying activities are classified in Division B, Mining. when separate reports are not available, the mining and quarrying activities, other than those of Industry 3295, are classified herein with the manufacturing operations.

If separate reports are not available for crushing, grinding, and other preparation activities of Industry 3295, these establishments are classified in Division B, Mining.

Major Group 33. — PRIMARY METAL INDUSTRIES

This major group includes establishments engaged in smelting and refining ferrous and nonferrous metals from ore, pig, or scrap; in rolling, drawing, and alloying metals; in manufacturing castings and other basic metal product; and in manufacturing nails, spikes, and insulated wire and cable. This major group includes the production of coke. Establishments primarily engaged in manufacturing metal forgings or stampings are classified in Industry Group 346.

Major Group 34. — FABRICATED METAL PRODUCTS, EXCEPT MACHINERY AND TRANSPORTATION EQUIPMENT

This major group includes establishments engaged in fabricating ferrous and nonferrous metal products, such as metal cans, tinware, handtools, cutlery, general hardware, nonelectric heating apparatus, fabricated structural metal products, metal forgings, metal stampings, ordnance (except vehicles and guided missiles), and a variety of metal and wire products, not elsewhere classified. Certain important segments of the metal fabricating industries are classified in other major groups, such as machinery in Major Groups 35 and 36; transportation equipment, including tanks, in Major Group 37; professional scientific and controlling instruments, watches, and clocks in Major Group 38; and jewelry and silverware in Major Group 39. Establishments primarily engaged in producing ferrous and nonferrous metals and their alloys are classified in Major Group 33.

Major Group 35. — INDUSTRIAL AND COMMERCIAL MACHINERY AND COMPUTER EQUIPMENT

This major group includes establishments engaged in manufacturing industrial and commercial machinery and equipment and computers. Included are the manufacture of engines and turbines; farm and garden machinery; construction, mining, and oil field machinery; elevators and conveying equipment; hoists, cranes, monorails, and industrial trucks and tractors; metalworking machinery; special industry machinery; general industrial machinery; computer and preipheral equipment and office machinery; and refrigeration and service industry machinery. Machines powered by built-in or detachable motors ordinarily are included in this major group, with the exception of electrical household appliances. Power-driven handtools are included in this major group, whether electric or otherwise driven. Establishments primarily engaged in manufacturing electrical equipment are classified in Major Group 36, and those manufacturing handtools, except powered, are classified in Major Group 34.

Major Group 36. — ELECTRONIC AND OTHER ELECTRICAL EQUIPMENT AND COMPONENTS, EXCEPT COMPUTER EQUIPMENT

This major group includes establishments engaged in manufacturing machinery, apparatus, and supplies for the generation, storage, transmission, transformation, and utilization of electrical energy. Included are the manufacturing of electricity distribution equipment; electrical industrial apparatus; household appliances; electrical lighting and wiring equipment; radio and television receiving equipment; communications equipment; electronic components and accessories; and other electrical equipment and supplies. The manufacture of household appliances is included in this group, but industrial machinery and equipment powered by built-in or detachable electric motors is classified in Major Group 35. Establishments primarily engaged in manufacturing instruments are classified in Major Group 38.

Major Group 37. — TRANSPORTATION EQUIPMENT

This major group includes establishments engaged in manufacturing equipment for transportation of passengers and cargo by land, air, and water. Important products produced by establishments classified in this major group include motor vehicles, aircraft, guided missiles and space vehicles, ships, boats, railroad equipment, and miscellaneous transportation equipment, such as motorcycles, bicycles, and snowmobiles. Establishments primarily engaged in manufacturing mobile homes are classified in Industry 2461. Establishments primarily engaged in manufacturing equipment used for moving materials on farms; in mines and on construction sites; in individual plants; in airports; or on other locations off the highway are classified in Major Group 35.

Major Group 38. — MEASURING, ANALYZING, AND CONTROLLING INSTRUMENTS; PHOTOGRAPHIC, MEDICAL AND OPTICAL GOODS; WATCHES AND CLOCKS

This major group includes establishments engaged in manufacturing instruments (including professional and scientific) for measuring, testing, analyzing, and controlling, and their associated sensors and accessories; optical instruments and lenses; surveying and drafting instruments; hydrological, hydrographic, meteorological, and geophysical equipment; search, detection, navigation, and guidance systems and equipment; surgical, medical, and dental instruments, equipment, and supplies; ophthalmic goods; photographic equipment and supplies; and watches and clocks.

Major Group 39. — MISCELLANEOUS MANUFACTURING INDUSTRIES

This major group includes establishments primarily engaged in manufacturing products not classified in any other manufacturing major group. Industries in this group fall into the following categories; jewelry, silverware, and plated ware; musical instruments; dolls, toys, games, and sporting and athletic goods; pens, pencils, and artists' materials; buttons, costume novelties, miscellaneous notions; brooms and brushes; caskets; and other miscellaneous manufacturing industries.
